

Fact and Opinion

Name: _____

Video Segment Title: _____

As you watch the news segment, use the organizer to record notes about facts and opinions presented in the segment.

Remember:

A fact states something that:

- Has happened
- Can be proven
- Is real or exists

An opinion states something:

- Is believed
- Shows how someone feels
- Is not always true and cannot be proven

The graphic organizer consists of two identical rows. Each row features a large, empty rounded rectangle on the left side. From the right edge of this large rectangle, two blue arrows point towards two smaller, empty rounded rectangles stacked vertically on the right side of the page. This layout is designed for students to record a fact or opinion in the large box and then provide supporting details or evidence in the two smaller boxes.
