Compare and Contrast Headlines

Directions: Use the Venn diagram to compare and contrast headlines from two different sources about the same event. Write each headline and its source in the spaces provided. Write what is similar about each headline where the circles overlap. Write what is different in the outer circles.

Consider the following questions as you complete the activity:

- What is the subject of each headline?
- What is the purpose?
- Who is the audience?
- What techniques did each writer use? For example, did the writer use a pun? Did they use exaggeration?
